

RESOURCE 05 · REFERRALS

The Referral Playbook

The strength of a referral depends on the strength of the relationship you built before you needed it.

How to earn the higher tiers

- Talk before you need anything.
- Be useful first (intro, article, answer).
- Be specific about what you want.
- Keep them updated every few weeks.
- Ask after a real conversation, not before.
- Make it cheap for them to say yes.
